## ECC & AES Celebrate the 100th Day of School!

On Tuesday, January 28, 2020, students at ECC and AES celebrated the 100th day of school by dressing up as 100-year-olds. Little

old men and women could be spotted everywhere, sporting glasses, hats, sponge rollers, canes, and robes. Congratulations to the faculty, staff,

and students for being 100 days smarter!

# AES Health Fair

On February 14, 2020, Albany Elementary School students participated in the annual Health Fair. Volunteers from the community came to teach the students lessons about the American Red Cross, Drug Awareness, Emotional Intelligence / Mental Health Awareness, Handwashing, Heart Health,

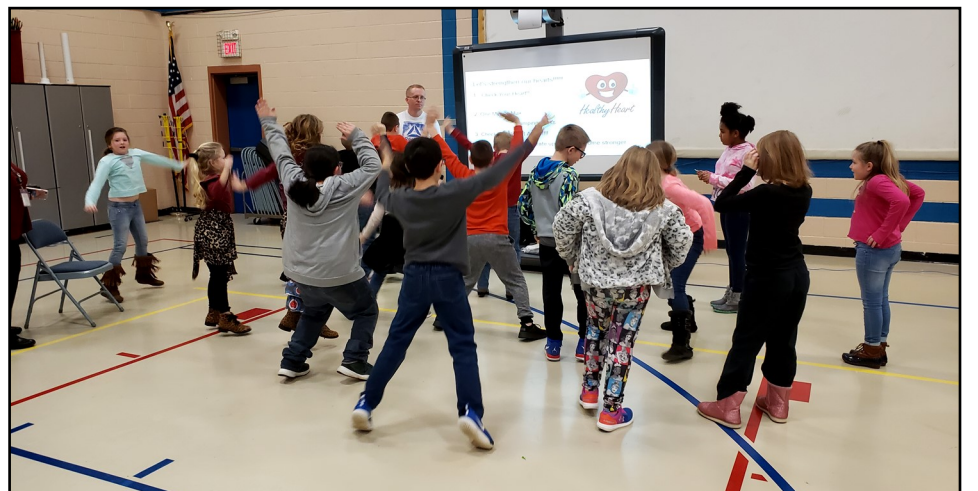

and Dental Hygiene. The students had a fun day of learning about how to stay healthy! AES would like to thank the following community partners for making this day possible: Mrs. Emily Craig, Cumberland Family Medical, Ms. Megan Daniel, Mrs. Billie Frye, the MNA students from the SoKY ECCA, Ms. Fay

Griffin, Officer Kent McDaniel, Stacy Smith, and the Clinton County Extension Office. AES would also like to express appreciation to Mr. Tim Armstrong and Mr. Adam Davidson for presenting during the health fair.

# How to Eat Fried Worms

Students in Mrs. Crystal Marcum's 4th grade class at AES recently completed their unit on "How to Eat Fried Worms." After the students were introduced to the book, they received a treat of chocolate pudding, crushed Oreos, and gummy worms. Then they were

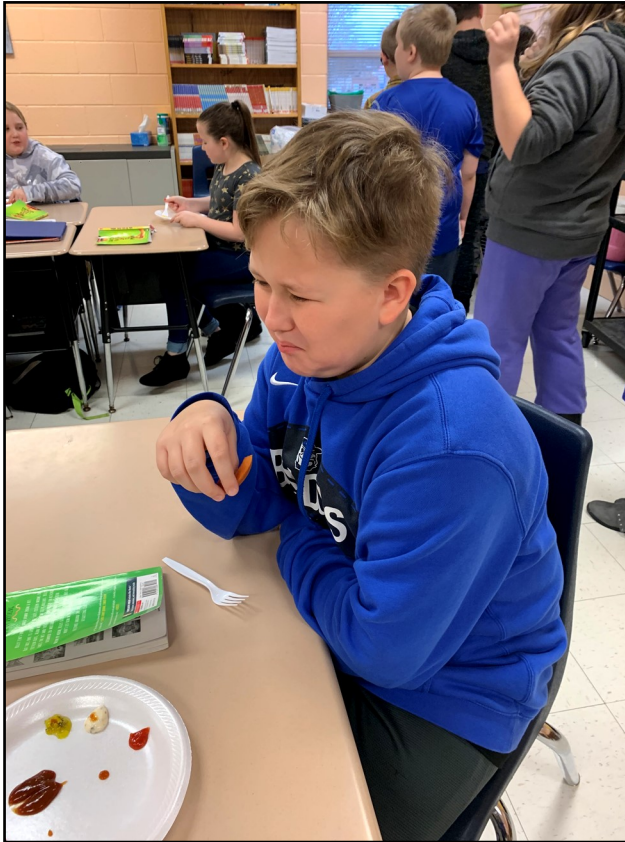

asked to consider whether or not they would eat 15 worms for \$289.39 (the modern equivalent now to \$50.00 then). At the conclusion of the unit, students created their own recipes for worms. Students were provided with cooked "worms" (hot dogs...no worms were harmed)

and allowed to try them with various condiments. Mrs. Kathleen Gregory also participated in the activity by teaching hand washing before students ate the "worms."

# Three Little Pigs STEM Activity

After reading The Three Little Pigs and The True Story of the Three Little Pigs, students in Ms. Samantha's and Ms. Mindie's 3rd grade classes at AES participated in a STEM activity. This activity allowed them to recreate their own

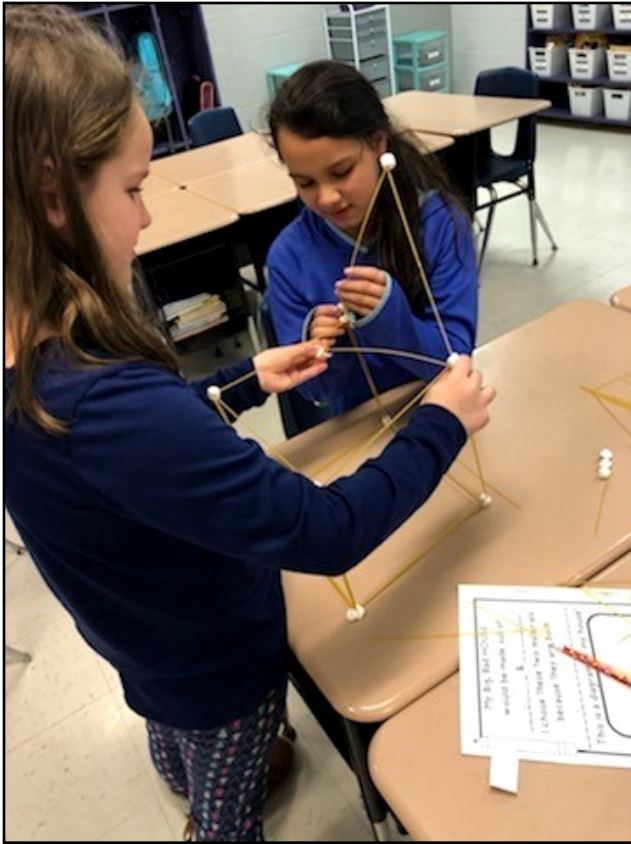

house using materials such as Legos for bricks, hay or spaghetti for straw, and limbs or graham crackers for wood. Each group created a sketch and then a model to test their design. Using a hair dryer as the Big Bad Wolf, students were

able to see if their creation could withstand the huffing and puffing of the Big Bad Blow Dryer. Students were very creative and had lots of fun working together as a team to create their house.

# Christmas at the Castle

On December 11th & 12th, students in the Gifted & Talented program at AES, CCMS, & CCHS were transported to The Kentucky Castle in Versailles, Kentucky. Students had the

opportunity to participate in a guided tour of the medieval-style castle on scenic grounds, featuring landscaped gardens and spectacular architecture. The tour concluded with lunch at

the Castle Farm Restaurant. The restaurant used locally sourced components to create amazing meals.

# Wonder on Wheels Outreach Program

On Friday, February 21st, students in the Gifted & Talented Program at Albany Elementary School and Clinton County Middle School participated in the Living Arts & Science Center Wonder on Wheels Outreach Program. During the program, students were

able to explore space, the night sky, and more in the Discovery Dome Planetarium. Elementary students enjoyed the *Earth, Moon, and Sun* program, while middle school students experienced the *From Earth to the Universe* program. In the giant inflatable digital

planetarium, students were able to observe the beauty of the night sky, observe constellations, explore changes in the earth's habitat, and learn about space exploration.

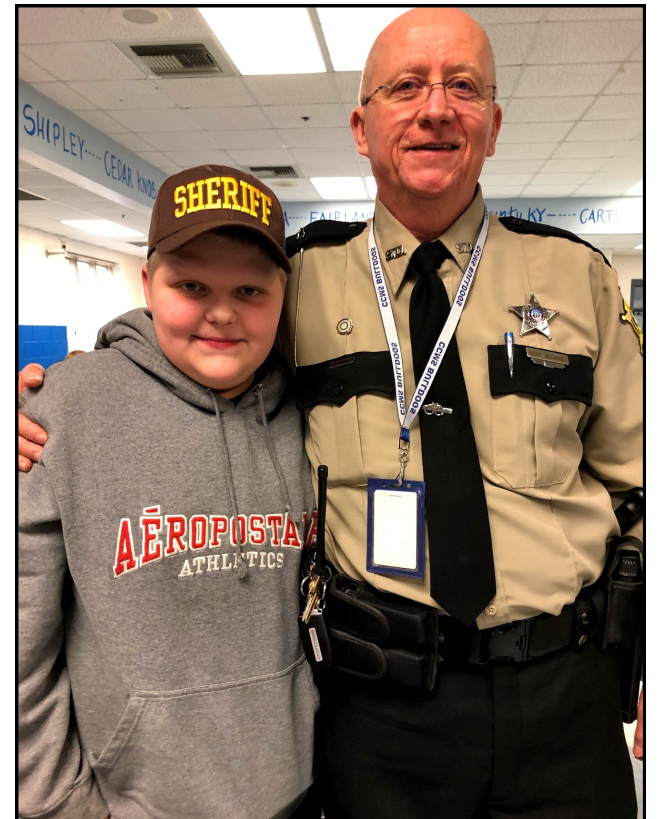

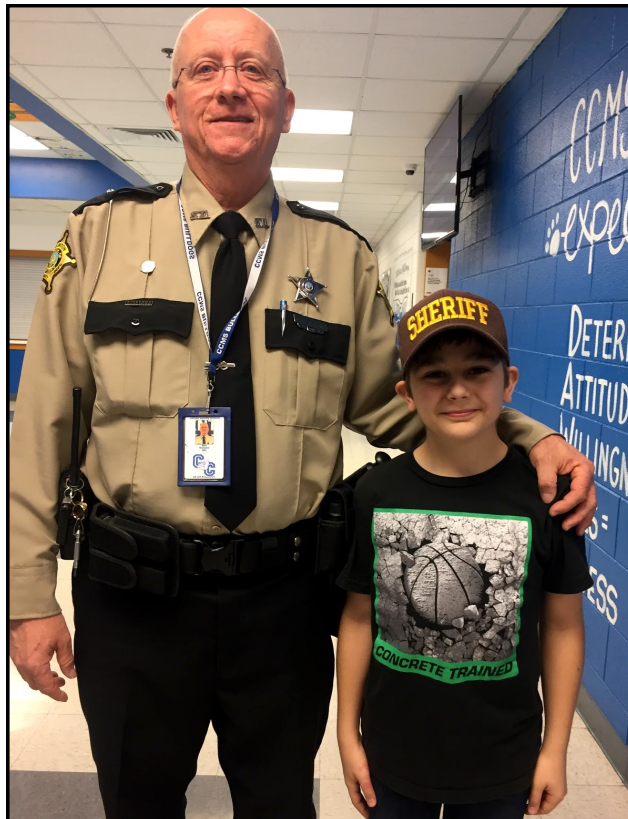

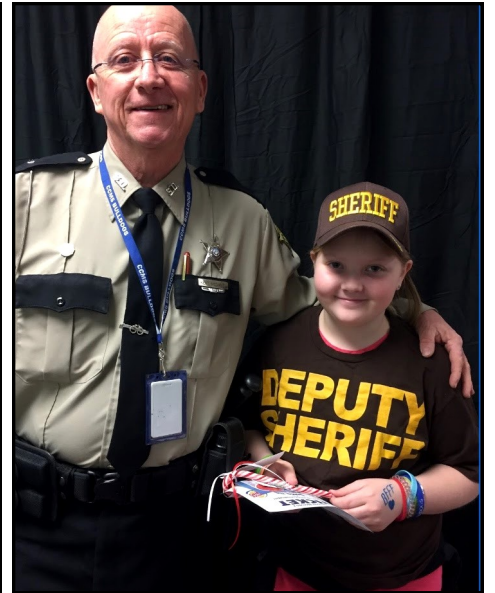

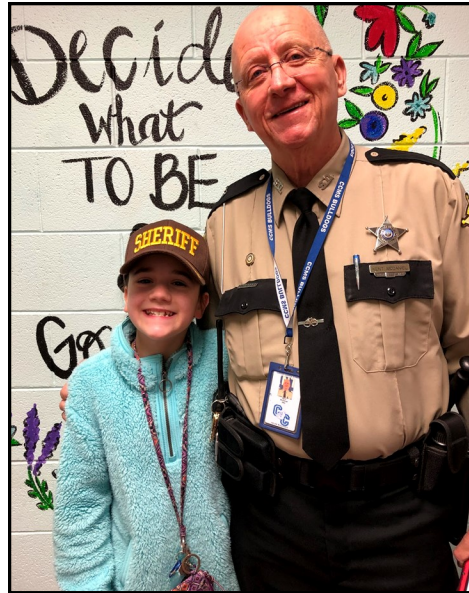

# New Deputies at CCMS

Over the past few weeks, more student deputies have been made! Our latest deputies are: Aubrey Duvall, Ivy Moon, Holdin Thrasher, Brianna Shelley, Kylee Pruitt, Logan Perkins, and Lucas Groce. And many more to

come soon! For these next few weeks, Officer McDaniel is looking for more students to be deputy. Are you deputy material? Remember Determination + Attitude + Willingness + Goals = Success!
